IMPACT PROTECTION

Rethink your comfort zone. The Flank Core with second-skin fit keeps targeted D30™ high performance shock absorbing protective foam in place when you need the added confidence. Removable D30™ at shoulders and spine give

the ability to customize the amount of protection. Day in the bike park? Run the full spine and shoulders. Trail day with hydration pack? Remove the spine and just run the shoulders.

- » Removable D30™ High performance shock absorbing protective foam at shoulders and spine.
- » Custom Heat-Moulded foam chest piece.
- » Works in conjunction with leading neck braces.

CORE

LINER

LEG

The Flank Liner with second-skin comfort fit keeps targeted hip and thigh protection in place through a rider's full range of motion. Removable D30™ high performance shock absorbing foam protects the hips while low-profile custom moulded foam at the outer thigh offers additional

protection against knocks. Strategic mesh fabric mapping and a high performance, Italian-made chamois with triple-density foam and rapid sweat absorption technology encourage air flow when things heat up. Contrast flatlock stitching and soft brushed 'Boxer Style' waistband add to comfort and style.

- » Removable D30™ High performance shock absorbing protective foam at hips.
- » Butterfly mesh throughout ensures a second skin fit to keep targeted hip protection in place.
- » Highly durable mesh panels at inner thigh ensure maximum venting.

MUD CRUTCH
TAILGATE PAD

The off-season is a state of mind at Race Face, so we've designed the new Mud Crutch for those of you who, like us, ride unconditionally. Constructed of Mylar laced woven elastic, the Mud Crutch stretches around your fork to collect any mud spray headed upwards on a potentially devastating trajectory with that fantastic mug of yours.

Especially heinous sans goggles in a muddy berm.

- » Durable Mylar laced woven elastic & Lycra throws the mud off as the fork compresses.
- » Quick on and off design.
- » RF moniker rubber logo.

SIZES: SMALL 80 - 120mm
MEDIUM 120 - 160mm
LARGE 160 - 203mm

TAILGATE PAD

- » Outer pad is constructed of 600D + PVC. A durable denier fabric with herringbone weave and DWR treatment for water repellancy.
- » Micro-brushed inner lining protects your tailgate from rub and wear marks.
- » Raised bumpers facing into the truck box seat most frames snugly preventing bikes from

- coming into contact while en route.
- » Additional raised square pads along the outer tailgate offer the additional security of holding forks in place.
- » When the shuttle gets steep and rowdy, secure frames down with a velcro-backed webbing loop and strap system.

Small/Medium 57" Width (145cm)
*Recommended for Toyota Tacoma, Ford Ranger, Nissan Frontier and other vehicles with compact cargo beds.

Large/X-Large 61" Width (155cm)
*Recommended for Toyota Tundra, Ford F150, Dodge Ram and other vehicles with full size cargo beds.

A raised back panel with hanger hook stretches up a little higher to ensure no builder's bum. Inseam is 38cm (15"), under knee, with hem openings large enough to accommodate Race Face pads.

- » Inner waistband adjustment system.
- » Raised back panel with hanger hook for additional coverage while in riding position.
- » YKK faux metallic hand pocket closures.
- » Cordura crotch gusset is seamless for durability and comfort.

The little black dress of downhill! Hard-wearing and great looking, Tweedster fabric has a textured outer face for style but takes a beating and shrugs off water thanks to the DWR treatment and waterproof membrane. Certainly the burliest women's short in the Race Face collection, the Khyber Short is recommended for aggressive riding when extra abrasion resistance and durability is preferred. Mesh thigh venting enhances air flow. Asymmetrical exposed zips and snap closure pocket flaps add style. Inseam is 36cm (14"), below knee, with hem openings large enough to accommodate Race Face pads.

- » Zippered front fly with dual snap closure and Velcro reinforcement.
- » Branded grab tab.
- » Asymmetrical zippered hand pocket.
- » Zippered cargo and back pockets.
- » Raised back panel for additional coverage while in riding position.

PIPER

Hard-wearing and great looking, this woven stretch fabric has a heathered outer face similar to the Tweedster fabric used on the Khyber short but unlike the Khyber, the DIY short is lighter weight with the addition of 2-way stretch for added mobility. The DIY shrugs off water thanks to the DWR treatment.

Between sizes? No worries, most riders are. The all new DIY pattern features a wide, lycra waistband designed to eliminate muffin top and accommodate curvier body shapes. Inseam is 36cm (14"), under knee, with hem openings large enough to accommodate Race Face pads.

- » Wide, lycra waistband designed to eliminate muffin top and accommodate curvier body shapes.
- » Elastic draw string waist adjustment with welded eyelets.
- » Waistband has zip stash pocket to store cards and cash.
- » Faux front fly; pull-on style fit.

STASH LINER

The STASH collection was developed for the growing number of riders trending away from using full hydration packs (especially on shorter rides) but still wanting the convenience of carrying items in a secured, balanced location. This new category offers a combination of storage core layers: tank, liner and bib. STASH gives riders the option to carry a bladder, spare tube, tool, pump, snacks, etc without having to wear a traditional pocketed XC jersey.

- » Mesh and Lycra construction.
- » Flatlock stitching throughout.
- » STASH back pocket system.
- » Hydration pocket fits 1.5L bladder
- » Channel feeds hydration hose over the shoulder and secures with loops.
- » PLEASE NOTE: Reservoir not included, it is used to show function of the garment only.

HOW TO TAKE MEASUREMENTS

As body types vary from person to person, the best way to choose the right size garment is by trying it on. As such, the following charts should only be used as a guide.

- 1 Chest:** Measure fullest circumference, keeping tape up under arms and across shoulder blades.
- 2 Waist:** Measure at narrowest circumference. Don't suck it in – nobody's watching.
- 3 Hip:** Measure around the widest part of the pelvis, around the buttocks.
- 4 Inseam:** Measure inner leg from crotch to below the ankle bone.
- 5 Gloves:** Wrap a tape measure around your palm at the widest point (usually the knuckles) and make a light fist. Take that measurement and refer to the chart below to find your size.

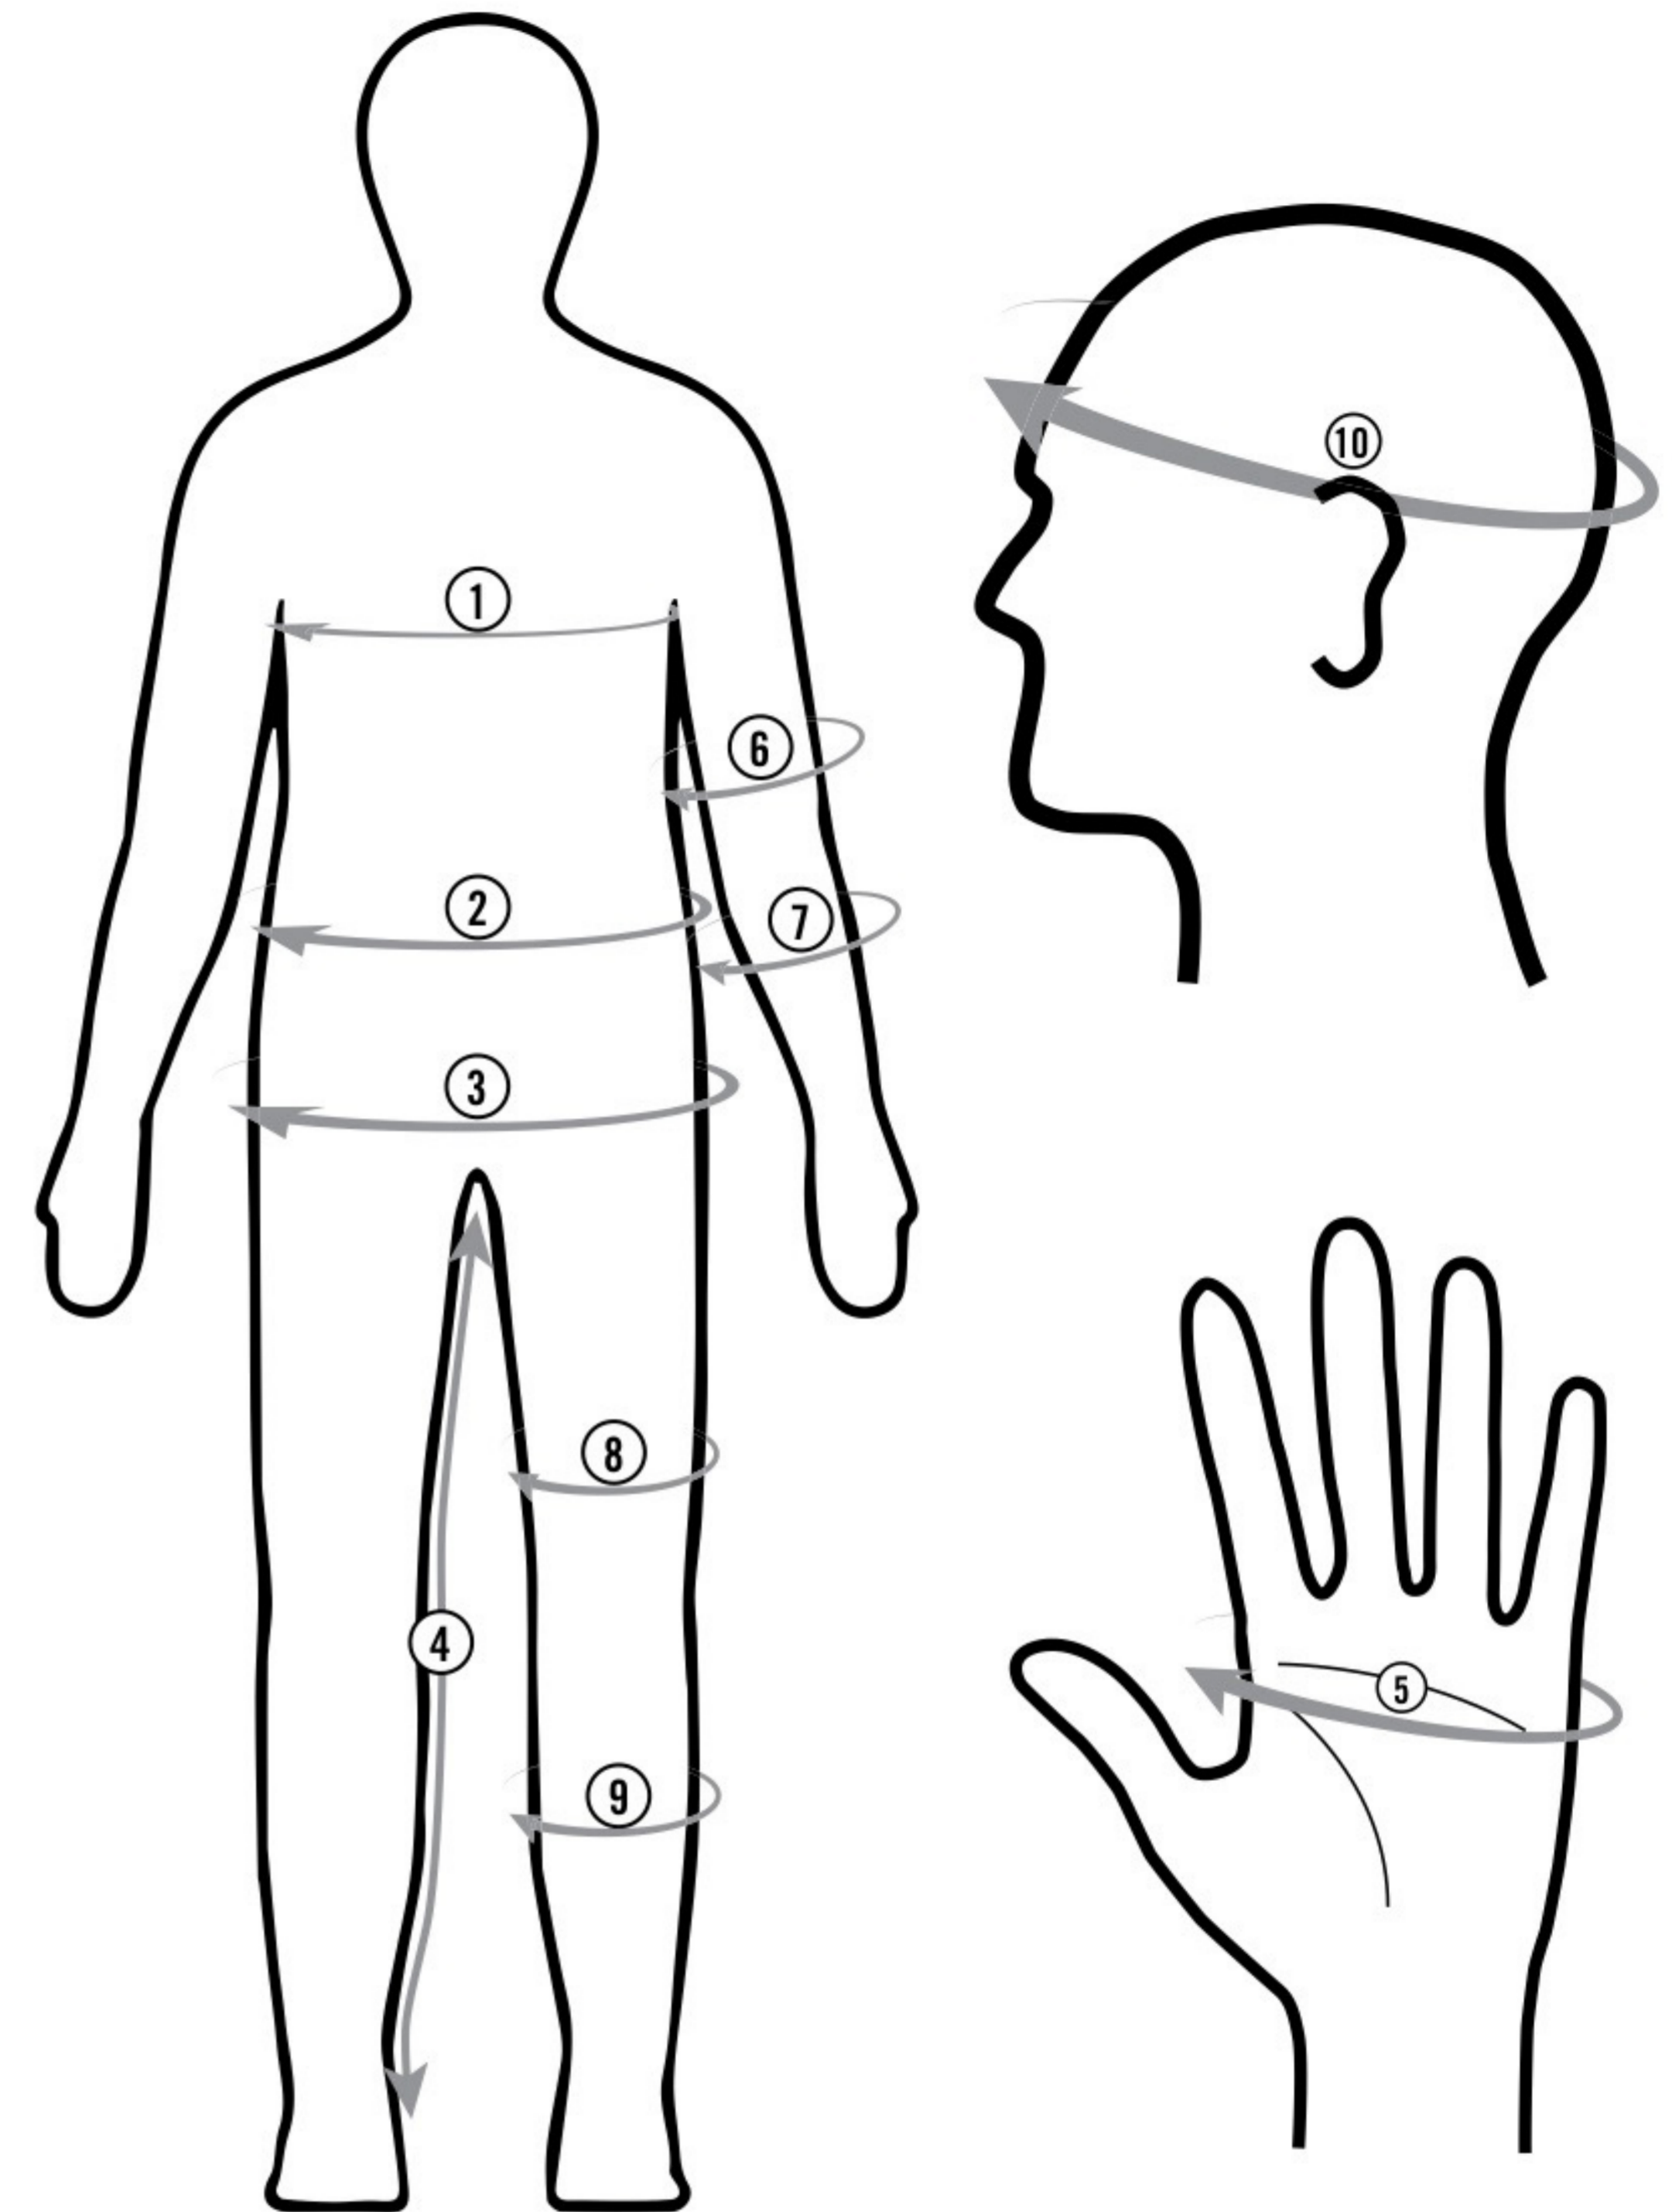

HOW TO FIT GUARDS

As body types vary from person to person and the closures on Race Face protective pads are constructed of either elasticized straps or various technical stretch fabrics, physically trying on the style in stores is always the best way to determine accurate sizing for your body type. As such, the following charts should only be used as a guide: Review the description and technical details of each protection style to select the Race Face protective wear that will best suit your needs.

- 6 Bicep:** Measure around your bicep at the widest part.
- 7 Forearm:** Measure around your forearm at the widest part.
- 8 Thigh:** Measure around your thigh 10cm up from your knee.
- 9 Calf:** Measure around your calf at the widest part.

HOW TO FIT CAPS

10 - Wrap a tape measure around your head just above top of ears, making certain tapes lies midway on your occipital bone. Take that measurement and refer to the chart to find your size.

CLOTHING FIT CHART

MEN'S SIZING

	S	M	L	XL	XXL
Chest	37" (94 cm)	39½" (100 cm)	42" (107 cm)	45" (114 cm)	48" (122 cm)
